A 21st Century Pilgrimage

Peter Stanford

Peter Stanford makes a modern-day pilgrimage around some of the most ancient religious sites in Britain, to take the spiritual temperature of an age often described as secular and sceptical. As he walks between Neolithic stones, ruined abbeys and miracle wells, Stanford explores the link between past and present belief and reflects on the spiritual state we are in.

Behold the Lamb of God

Pope Benedict XVI

The Eucharist is the most important of the seven sacraments, since in it we receive not only grace but Christ himself. Pope Benedict looks at the many different aspects of this multi-faceted gift. At times he is interested in the profound theology behind the Eucharist, at other times in meditating upon its mystery and beauty. His words will be an inspiration to both priests and laity, and will widen and deepen appreciation for the Sacrament of the Eucharist.
